The secondary club will be listed in the psych sheet, meet roster and heat sheets, if space is available. Each athlete will have only 16 characters for both his/her club and his/her secondary club. The club does not need to be a USA Swimming member club. It may be any club that your athlete wishes to recognize. Listing this club is for recognition purposes only. Listing this club has nothing to do with representation, team scoring or credentials.

### Waiver and Release Form

The USA Swimming Waiver and Release Form will be automatically generated by the online system. These forms must be submitted at the registration desk. Make copies as needed for each swimmer. Having this completed will save time during check-in at the competition site. Additionally, a parent or legal guardian must sign form if swimmer is under the age of majority in his/her home state.

**Rules**

USA Swimming Rules and Regulations will govern the conduct of these Championships. It shall be the swimmers' and coaches' responsibility to acquaint themselves with all of the information contained in this meet information book. No U.S. swimmer will be permitted to compete unless he/she is a member as provided in Article 302. Any U.S. swimmer entered in the meet must be certified by a USA Swimming member-coach as being proficient in performing a racing start. It is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement. This event and associated time trials are held under the sanction of USA Swimming. It is understood and agreed that USA Swimming shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event.

**Membership Requirement**

All U.S. participants expecting to receive a deck pass should be prepared to show a current USA Swimming membership card. Non-members who have successfully completed the Athlete Protection Training (APT) course and a USA Swimming background check may join on site at the registration check-in desk. Information regarding the APT course and the background check will be available at meet check-in and is also online at [usaswimming.org/protect](http://usaswimming.org/protect). Coaches must provide proof of CPR, First Aid and Safety Training for Swimming Coaches or USA Swimming approved equivalents, and must have successfully passed the required background check and APT Course.

No swimmer will be issued credential without a coach member present. If the home club coach is not planning to attend event, swimmer must designate a supervising coach. Arriving with fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign supervision form before a credential can be issued.

**SWIMS Database—Proof of Time**

Times from the following will be in SWIMS, the national times database. Times in the database are not automatic entries to meets.

- A. USA Swimming Sanctioned competition
- B. USA Swimming Approved competition - Check two weeks before the competition to assure the meet has been approved by the LSC, and prior to the start of the competition, ask the Meet Director for the procedure for getting a time into SWIMS.
- C. USA Swimming Observed swims - Be sure a proper request for an Observed Swim is made according to guidelines appearing in the USA Swimming SWIMS Time Module Policy Manual, and prior to the start of the meet, verify that proper procedures are in place for the Observed swim.

**Entering Official Times**

Individual Events - All entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event through the SWIMS Database. No swimmer will be permitted to swim without said proof. USA Swimming reserves the right to challenge any submitted time. All scratches must be proven.

**Responsibility Clause**

The coach, swimmer or swimmer representative who signs a USA Swimming Championship entry form attests that all times stated in the entry form are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to the Corporation for each such time entered, unless absolved of the fine by USA Swimming or its designee or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by USA Swimming.

Such penalty shall also be levied against any USA Swimming verification officer who entered such a false or incorrect time(s) into the SWIMS Database.

Appeal of fines are to be made to USA Swimming or its designee and/or Board of Review. Any appeal of the decision shall be in accordance with the provisions of Part Four, specifically Article 407.

**Automatic Proven Times**

If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards) and it was swum in the appropriate qualifying period, it is considered a proven official time. Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations.

Times from all college dual, invitational and conference meets should be in the database. If a qualifying time was swum at a USA Swimming observed high school meet, verify that it is in the database before using it for entry. Contact the LSC Times Official in the LSC where the meet was held if there are missing times or questions about whether the meet was observed. Times from all major international championships will be automatically entered in the database. Times from any other meets in which National time standards were met must be requested from the SWIMS Time Official in the LSC in which the meet was held. LSC officials may charge a fee for data entry requested after the meet ends. Note: Relay lead offs and/or intermediate split times must be requested from the SWIMS Time official in the LSC where the time was achieved. Requesting SWIMS data entry won't enter a swimmer into a competition nor place your club on the USA Swimming mailing list.

**Seeding**

For these Championships, the seeding order is:

1. Long Course Meters (LCM)
2. Short Course Yards (SCY)
3. Non-conforming LCM (distance events)
4. Non-conforming SCY (distance events)

**Registration**

Credentials for coaches, managers and team support shall be issued to those persons listed on the submitted team entry forms, according to the following formula, based upon the total size of the team, whether comprised of one or both sexes. The cost for these credentials is \$20/each. Team support members must be included in this formula and on the entry form to receive a credential. Athletes entered in the meet will receive a deck pass as part of their entry fee. All others will be required to purchase individual tickets. For clubs that wish to bring one certified massage therapist with their teams, a \$80 surcharge will apply if the massage therapist exceeds the deck pass formula below. These funds shall become the property of the meet host. All massage therapists must be non-athlete members of USA Swimming, and will have limited access around the venue.

- 4-6 swimmers; 2 deck passes.
- 7-9 swimmers; 3 deck passes.

An awards ceremony will be conducted immediately after each event. The top three swimmers in each event should report to the Awards Staging Area following the "A" Final for their event, and immediately dress in official team apparel for the medal ceremony. Fourth through eighth place finishers should pick up their medals in the awards staging area.

- ◆ Team Awards - Awards will be provided for the top three teams in Men's, Women's, and Combined categories. There will be no awards for college teams.
- ◆ An "18 & Under" National Champion medal will also be presented to the highest placing American 18 & under swimmer in each individual event.
- ◆ Individual High Point Awards - Male and Female Awards will be given at the National Championships. These awards are named after Robert J. Kiphuth, the great swimming coach from Yale University.
- ◆ Phillips 66 Performance Award - This award, sponsored by USA Swimming corporate partner, Phillips 66, is presented to the swimmer who achieves the single most outstanding performance of the meet.

**Time Trials**

Time Trials will be conducted for all swimmers who enter and compete in the meet provided there is sufficient time between the end of the preliminary session and the start of warm-ups for the final session. Time Trial entries will only be taken on-site at the Clerk of Course. A swimmer is limited to a maximum of two Time Trials during the course of the Championships. The Time Trial entry deadline shall be one hour prior to the estimated/published conclusion of that days preliminary session. Entry fees for Time Trials are the same as those established for the Championships. The order for Time Trials shall be that day's events, followed by the remaining events in the meet, followed by the previous day's events. Distance freestyle events will typically be offered on only one day of the meet as determined by the Meet Referee and announced at the Technical Meeting.

**The 2018 Winter National Championships are subject to Doping Control.**

All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA) per the 2018 Prohibited Substances List, WADA, and/or FINA under the In-Competition Testing program. This section is intended to give an overview of the key points relevant to this program and the testing which will be conducted at the competitions governed by this booklet. Athletes should visit <http://www.usada.org/athletes/antidoping101/> for important information that all athletes, coaches, and their parents must be aware of. Key details from that document are listed below. Athletes should check their medications prior to use and note that some medications may require approval that will take at least 21 days.

**What substances are banned?**

Per USADA: "As a signatory to the World Anti-Doping Code, USADA tests for substances and methods found on the World Anti-Doping Agency Prohibited List. It's important that athletes are aware of the substances and methods on the Prohibited List, as an athlete is responsible for any prohibited substance found in their body, regardless of intent. It's also important to understand that certain substances are prohibited at all times, while others are prohibited only during competition. In some cases, a substance is only prohibited in a certain sport. Use the resources on this tab in conjunction with the next step about medication and the resources available pertaining to medication to determine whether or not a substance is prohibited." [Read the Athlete Guide to the WADA Prohibited List](#)

**What about medication?**

Per USADA: "Athletes need to be aware of the prohibited status of any medication they are taking, whether it be an over-the-counter or prescription medication. The easiest way to understand your medication is to use USADA's [Global DRO](#) service, where generic and name brand products, or specific medications, can be searched. Results will yield information including the in- and out-of-competition status, any threshold information, as well as sport specific information for those substances prohibited only in certain sports. Athletes or their support team can also speak to an expert by phone during business hours (8am – 5pm Mountain Time Monday-Friday) by calling Athlete Express at 719.785.2000.

The [USADA wallet card](#) also provides information on the most commonly ingested medications. If and when a medication is prohibited, athletes may choose to stop taking or replace the medication with a non-prohibited substance or explore the [Therapeutic Use Exemption](#) process.

*Your health is your first priority. Any decision to stop or start a medication should be made in consultation with your medical provider. It's important to understand that Dietary Supplements are not medication. They are regulated and manufactured differently. For these reasons, USADA is unable to provide guidance on specific dietary supplement products. For more information [visit USADA's Supplement 411 resource.](#)*

**Therapeutic Use Exemptions?**

Per USADA: "In some situations, an athlete may have an illness or condition that requires the use of medication listed on the World Anti-Doping Agency's [Prohibited List](#). A Therapeutic Use Exemption or TUE provides permission for an athlete to have a prohibited substance in their body at the time of a drug test. The process for obtaining a TUE is thorough and balances the need to allow athletes access to critical medication while upholding clean athletes' rights to compete on a clean and level playing field. In some cases, the TUE requirements are different for national-level athletes vs. non-national level athletes. Athletes interested in obtaining a TUE should visit the [Therapeutic Use Exemption page](#), where they can determine if they need a therapeutic use exemption, begin the application process, and find answers to the most frequently asked TUE questions."

**Understand the Sample Collection Process:**

Per USADA: "Athletes selected for testing are subject to both blood and urine testing. The processes are designed to be both effective in preserving the integrity of the sample, yet safe and comfortable for the athlete. Understanding the processes as well as an athlete's rights and responsibilities can help to make them less intimidating. There are additional considerations for minor athletes and disabled athletes. Learn more about the sample collection processes [here.](#)" NOTE: Minor athlete should always have a representative with them in doping control.

*Per established doping control testing protocol a Witnessing Chaperone must directly observe an athlete providing a sample. The witnessing chaperone is always someone of the same gender as the athlete. To protect the rights of a minor athlete, someone must observe the witnessing chaperone observing the athlete as they provide a urine sample. That person cannot see the athlete – they can only see the witnessing chaperone watching the athlete. Per USADA's established protocol the athlete has the right to choose who will be in that role. In the event that a coach acts as an Athlete Representative for an athlete of the opposite gender, they may request that someone on USADA's crew observe the witnessing chaperone observing the athlete. Then the coach can be the athlete representative for the rest of the processing of the paperwork.*

**Doping Control rule for athletes previously eligible for out of competition drug testing:**

Athletes who were previously eligible for out of competition (no-advance-notice) doping control and officially retired have a 6 month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in any USA Swimming sanctioned events (local competitions all the way up through National competitions including meets with a dual sanction from Masters and USA Swimming) or FINA sanctioned events. If you have an athlete in this situation, please email [smichael@usaswimming.org](mailto:smichael@usaswimming.org) immediately.
